10 of 10

A dense thicket of green bushes and trees, likely a scrubland or coastal vegetation.

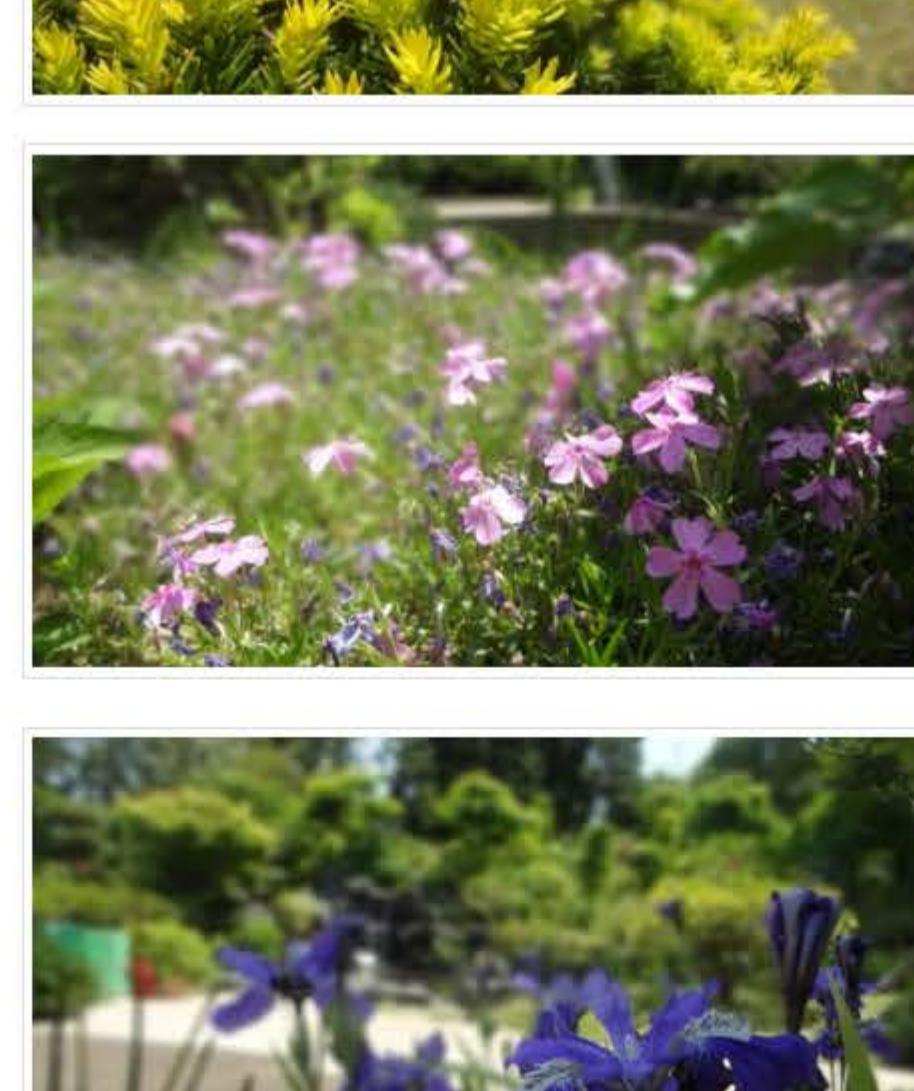

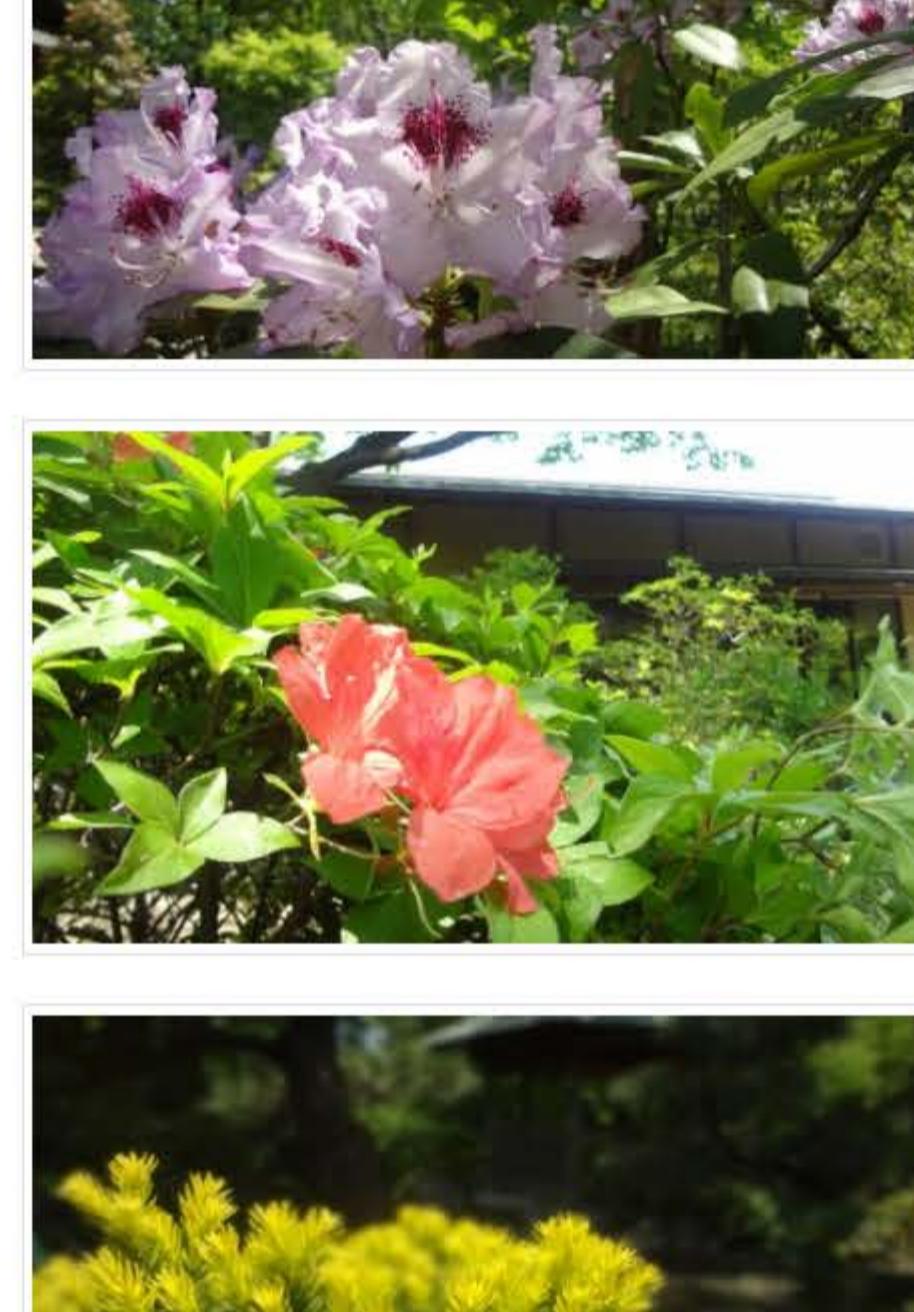

100

A close-up photograph of several vibrant purple flowers, likely larkspur, arranged in a cluster. The flowers have long, slender petals and a distinct blue-tinted center. The background is blurred green foliage.

A close-up photograph of a white iris flower with a prominent yellow center, growing in a garden setting. The background shows a path and more greenery.

10 of 10

A close-up photograph of several purple flowers, likely Iris sibirica, showing the characteristic three-lobed corolla. The flowers are a vibrant shade of purple, with darker veins and a lighter center. The background is blurred, making the flowers stand out.

A close-up photograph of a single pink rose flower in full bloom, with its delicate petals and green stem clearly visible. The background is blurred, showing more of the rose bush and other foliage.

— 10 —

A close-up photograph of several small, delicate flowers, likely cornflowers or similar, with light pink petals and distinct red centers. The flowers are set against a background of green, slightly out-of-focus foliage.
